

## THE MORNING APPEAL.

The Official Paper of Ormsby County.  
WEDNESDAY JANUARY 2

### ALL SORTS.

Harry Gorham is in the city.  
The Japs are closing in on Pekin.  
The train was late again yesterday.  
R. J. Laws of Hawthorne is in the city.  
J. D. Kersey has been appointed a city father.  
The wires over the mountains were down last night.  
The Tribby reading last evening drew a large house.  
It was Lem Allen's pig hat that made him Speaker. He should have worn it years ago.  
Judge C. E. Mack will hold court in Carson Saturday Jan. 20th, the same being law and motion day.  
Miss Kate Fox the type writer is now located in the Governor's office Capitol building, and is ready to do all kinds of type writing artistically and expeditiously.

Poor Dempsey the greatest ring tactician that ever faced an antagonist and the winner of 49 consecutive battles, has at last been knocked out completely by Ryan and John Barley corn. The decanter hits hard below the belt and you can't duck the blow.  
Range stock is reported to be wintering remarkably well, and there will probably be no serious loss unless the present severe cold spell is prolonged. Cattle were in good condition when the snow came to stand a harder winner than this has been so far.

Only one Assemblyman from Washoe—H. H. Beck—went into the Silver caucus. Dr. Hogan, who was elected on the same ticket with Mr. Beck, would not attend the caucus. The result was that Washoe county candidates were left out in the cold.—Journal.

This was the correct thing. Washoe was not in line on election day and of course can't expect to be when the pie is served. No removal of the State Prison to Reno this year.

Recently in Fresno a charge of murder was dismissed against W. L. Jones. Detective Stilwell who worked up the case secured a full confession from the accused by posing as a tough character willing to help him out, first securing enough evidence to make the prisoner think he knew a little about the case. The judge ruled out the confession on the ground that the prisoner was deceived by Stilwell etc. etc. Since the Heath case, judges are very careful of murderers and see that they get proper protection from the Courts, against designing persons who are trying to catch them.

It is to be hoped by every taxpayer that the Legislature will go right to work and enact whatever legislation it may deem necessary without delay. Retrenchment is the cry from every quarter of the State and only those who expect to profit by it desire the Legislature to remain in session the full time allowed by the constitution. There is no United States Senator to be elected this year and the members can get down to hard work immediately. The Silver party is on trial and while no reasonable person expects it to make times better its friends hope it will make a record of which they can feel justly proud and which every citizen, who is not blinded by partisanship, can approve.—Journal.

### Coffin's Clean Sweep.

Trenmore Coffin, Chairman of the Republican State Central Committee, appeared before the Board of Pardons the other day asking for a pardon for Charles Lehman, sent from Douglas county charged with homicide. The pardon was granted, and as the two went out together some one remarked, "Coffin has succeeded in cleaning the Republicans all out of the Capitol building and now he wants to clean them out of the State Prison."

### The Weiland Saloon.

Whitney has assumed control of the Weiland saloon, which he proposes to run strictly up to the times. He will dispense the best liquors and cigars and fine old Government whiskey, which slides down your throat like oil, tickling your palate meanwhile. Call and see "Handsome Whit." f11

#### A Sensible Suggestion.

The following appears in the Examiner:

To the Editor of the Examiner—Sir: Your article on methods of preventing fraud in counting votes has prompted me to make a suggestion.

The system of expressing the wishes of the voter seems to be perfect; the question how to have these wishes honestly announced is the question of the hour.

My plan is this: After the ballots have been counted (as now done), to number each ballot and punch the number as you would a bank check. After a 1 the votes on each ballot have been properly called off and credited to each candidate, to have said ballot placed on a board and exposed at a window in the booth at a sufficient height to enable any number of people to examine the same, the ballot to remain in full view until the next ballot is ready. Each ballot being numbered, a record of the same can be taken by the observer. Very truly yours, F. T. O.

#### Don't be Afraid.

An editor or reporter may stop in his rounds and ask a hundred persons, "What is the news?" and ninety out of a hundred will reply, "Nothing special," and yet fifty out of that number know something, which, if not found in the next paper, will astonish them greatly and disappoint them more and perhaps make them madder than hornets. Don't be afraid to let the newspaper man know it.

#### The "Appeals" Chart.

As soon as the contested seat cases are decided, and the Legislature is in complete running order, the APPEAL will issue its Legislative Chart on the same lines as it has in past years. It will be absolutely perfect before it is issued, and be something that every Silver man can take home and preserve for future reference.
